INT. BEDROOM-DAY

We see a little boy standing in front of a mirror. He's engulfed by a gigantic blue flannel and tan dress slacks. This is JOHN KINGS (11), he's a nosey little kid.

The bedroom resembles the aftermath of a tornado. Clothes are scarred all over the place, even the drawers are halfway open.

John sees a shiny object in one of the drawers and picks it up. It's his Dad's gold Jesus Piece. He puts it on and admires himself in the mirror.

DON(O.S.)

What the fuck are you doing?

John is startled by his large bearded father DON KINGS (45).

DON

How many times do I gotta tell you
not go through my stuff?

JOHN

Look at me, I'm you.

Don can't help but laugh. He lifts John up and spins him like a helicopter blade.

DON

We gotta get you some smaller
clothes and your own chain. That's
mine.

JOHN

I think I look good.

A loud thump at the door interrupts a beautiful bonding session between father and son.

UNKNOWN PERSON(O.S.)

Police open up!

Don gives John a suspicious look.

DON

Did you take something from the
store again?

INT. BEDROOM DAY(16 YEARS LATER)

BEEP! BEEP! BEEP!

John reaches onto his night stand to turn off his alarm. He checks the time and lets out a deep sigh.

He pulls the covers over his head. After a few minutes of tossing and turning he hops out of bed.

INT. BATHROOM-MOMENTS LATER

John stares at himself in the the mirror. His beard and long hair make him look like a caveman. He needs a cut badly.

INT. BEDROOM-LATER

John lazily puts on some tan dress slacks and a black flannel.

Out of the drawer he pulls out a gold Jesus Piece and puts it on.

He drifts away in thought.

INT.FRONTDOOR-DAY(16 YEARS AGO)

The loud thumping at the door rings throughout the house.

UNKNOWN PERSON(O.S.)
Open up Police!!

Before Don can fully open the door he's bum rushed by two men in masks, they carry guns and duffle bags. One has DEEP VOICE, the other has a HIGH PITCHED VOICE.

The DEEP VOICE man turns his gun on Don.

DEEP VOICE
Give me your shit, you know what it is!

John is frightened by the sight of his dad being held at gunpoint.

JOHN
(Crying)
Stop it, get away from my daddy!

HIGH PITCHED VOICE
If he does what we say he won't get hurt.

He pushes John out the way and scrummages throughout the house.

DON
(To John)
Don't worry, they won't be here
much longer.

A few moments pass and High Pitched Voice emerges with his
duffle bag full

HIGH PITCHED VOICE
(To his partner)
We out

As they turn to leave, John sees his dad's gold Jesus Piece
in the hand of High Pitched Voice. He reaches out and
snatches it.

JOHN
That's my dad's give it back!

High Pitched Voice quickly turns and slaps the fuck out of
John.

HIGH PITCHED VOICE
Stupid little boy!

Don pushes Deep Voice out the way and rushes his partner. He
gets a couple hits in before----

BAM! Don drops to the floor.

HIGH PITCHED VOICE
(To Don)
Jesus ain't going to save you now.

The masked men run out the house.

John stares at his Dad's lifeless body.

INT. BEDROOM-DAY(PRESENT)

John wipes away the tears rolling down his face.

As he tucks the gold Jesus Piece into his shirt he hears
several loud knocks at his door.

John lifts up his mattress and pulls out a black Glock 19.

INT. FRONTDOOR- MOMENTS LATER

While clutching on his glock John goes to see whos at the
door.

JOHN
Who is it?

UNKNOWN PERSON(O.S.)
Wow, really?

John opens the door and we see a girl with big brown eyes and long braids. This is ROXXY (28), John's girlfriend.

She is startled and confused by the gun.

ROXXY
I knew I needed to come check up on you today. But damn, I didn't know you were out here trying to be Jason Bourne.

John lowers the gun.

JOHN
I'm fine. You can never be too careful.

ROXXY
Okay..? Maybe you shouldn't go to work today.

Roxy reaches into her bag and pulls out some movies.

ROXXY
We can just order some food and watch some movies. What do you want to watch first? I've got "Texas Chainsaw Massacre", the original not that new cheap knockoff. Also, "He Got Game", I know that's your favorite.

Roxy waits for John's response. Nothing.

When Roxxy looks up John is hunched over crying his eyes out.

She crouches down and wraps her arms around him.

JOHN
(Clenching his gold Jesus Piece)
Mannnnn, why he have to die over some bullshit?

"Agony" by Yung Lean plays.
